

Cherry Class - Autumn 2 - Homework Project - Continents and Countries

This half term we are looking at the 7 continents in Geography and features of countries within them. The homework project would be to choose a country from one of the continents and complete an information project on them. This can be a video, poster or scrapbook style. You can name famous landmarks, currency used, food popular in that country, their flag, traditions or even make some food at home and share with us your photos and recipes - the choice is yours!

This is due into school on or before Monday 12th December -
Have fun!

Mrs Crook
