

Hello all,

Welcome back to a new year and a new term, it's certainly been a strange start. Our new topic across school is Global Warriors and we are also looking at recycling and fair trade. Our new story for the half term is The Tin Forest. Our new massage story is about elements of physical geography, such as volcanoes, earthquakes and storms! Our sensory cookery sessions will revolve around fairtrade products such as coffee, chocolate and bananas. Coffee and chocolate also feature in our Sensology this half term alongside scrunching paper and sensory plastic bottles to explore. Our music and art are closely linked this term, looking at creating and playing with recycled instruments. If you could save bottle tops from milk/feeds etc and send them in over the next couple of weeks, that would be an amazing help to us! There's no physio hydrotherapy this half term, but a couple of students will swim with our swimming teacher. I'll notify you if your child is likely to be swimming this half term.

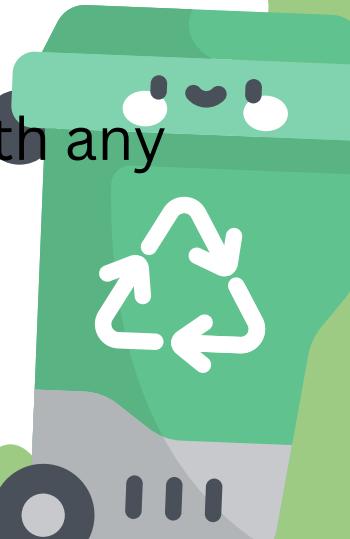

As the weather is still so unpredictable, please can you make sure your child has an appropriate rain cover, as we also have to walk across the playground to get from

the buses to class and back! Our classroom tends to be quite warm, so layers are good when it comes to clothing. A reminder of our music session next half term at Congleton Town Hall on 25th March. Please do confirm whether you can help or not, as not everyone has gotten back to me yet.

We also welcome a new member of staff to Barnaby this term, Katie who has been working in another class in school before now. The class team now consists of me (Nichola), supported by Sue, Lynn, Pam and Katie.

As always, please do get in touch with any concerns or queries

Nichola
