

# BAM Weekly Challenge

## ANIMAL WEEK

### Jungle Run

Set out a race course with a start and finish line - add obstacles like cushions to make it harder

**Each choose an animal and take it in turns to race!**

You could do a frog hopping race, a slithering snake race, or swing your arms like a monkey gliding through the trees.

**Can you come up with your own race?**

**Which animal is the quickest?**

### Hungry Hippos

- In the middle of a room, pile up 20 pieces of hippo food - you could use rolled up socks
- Each pick a corner of the room as your base
- Race to collect a piece of food from the pile of food and take it back to your base

**You can only carry 1 piece at a time!**

Who can collect the most food before it runs out?

### Did You Know?

Being active makes your brain stronger! This can improve memory and concentration. Try it! Click on the lion link between school work. Did it help you focus?

# BAM DRAWING CHALLENGE

Last week we asked you to send in your drawings from Arcade Week.  
Here are some of our favourites, chosen by Maddie and Kemmy.

**Well done!**
