

Welcome and gathering

Welcome all the children to One Voice.

RESPECT FOR
CHILDREN'S VIEWS

Children have the right to give their opinions freely on issues that affect them. Adults should listen and take children seriously.

SHARING
THOUGHTS FREELY

Children have the right to share freely with others what they learn, think and feel, by talking, drawing, writing or in any other way unless it harms other people.

Can they remember what they have been learning about in maths?

what articles does this link to?

ACCESS TO
EDUCATION

Every child has the right to an education. Primary education should be free. Secondary and higher education should be available to every child. Children should be encouraged to go to school to the highest level possible. Discipline in schools should respect children's rights and never use

violence.

Introduce theme:

"Today we are thinking about Justice"

Justice means being fair, treating people kindly, and making sure everyone gets what is right

Thought/story/scripture

Share this Bible verse with the children

"Learn to do right; seek justice. Defend the oppressed." – **Isaiah 1:17**

Read the story of The Good Samaritan – A man is beaten and left on the road. While others pass by, the Samaritan stops, helps him, and makes sure he is cared for. He chooses what is right and fair, showing God's kind of justice.

What does "justice" mean in everyday life?

Who in our world might need us to show God's justice and kindness?

Reflection

Ask children to sit quietly for a few seconds and think about the reflection question

"How can we stand up for what is right when we see something unfair?"

Allow them some time to add a response to the question, keep these for the reflection area and revisit them during reflection time on Friday (the worship leaders will collect these on a Monday morning)

Short prayer

"Dear God,
Thank You for loving everyone the same.
Help me to do what is right,
to be kind and fair,
and to stand up for others.
Use me to bring Your love and justice to the world.
Amen."

News

Black History Month

Black History Month is a special time when we remember and celebrate the accomplishments, experiences, and history of Black people. It's about honouring those who have often been left out of textbooks, recognising their contributions, and learning from their stories. This year's Black History Month theme is "Honouring Our Communities." It encourages us to celebrate the people in our communities who help others, show kindness, and make a positive difference every day. By learning about their stories, we can appreciate the important role they play in making our communities stronger and happier.

Children have the right to use their own language, culture and religion - even if these are not shared by most people in the country where they live.

Worship Leaders

Miss Saleem is looking for children who would like to be Worship Leaders. Children from Years 4-6 can apply. Design a poster or write a letter explain why you would like to do the role. You will be in charge of planning and delivering worship and also helping with church services.

Children can join or set up groups or organisations, and they can meet with others, as long as this does not harm other people.

Playtimes

It has been noticed that some children are playing on the pitch whilst eating their snacks. You must finish your snack before going onto the pitch. Why do you think we shouldn't eat whilst running around?

Every child has the right to rest, relax, play and to take part in cultural and creative activities.

Science competition

To celebrate space week, ks2 have a chance to enter a competition. You may have noticed posters around school.

Make a sculpture of a Plant or Star in our Galaxy

Make sure to tell us what the Planet/ Star is and a fact about it.

Scientists are discovering new worlds and stars all the time.

Bring it to Miss Edwards by 08/10/2026

Dates

6.10.26 – World badger day

Badger Day is a special day to celebrate badgers, one of Britain's most interesting wild animals. Badgers are fascinating animals that help keep ecosystems healthy through their digging and foraging activities. The day encourages children and adults to learn more about badgers and support wildlife conservation.

10.10.26 – World mental health day

World Mental Health Day reminds us that looking after our feelings is just as important as looking after our bodies. It encourages everyone to talk about their emotions and ask for help when they need it. Being kind, sharing worries, and spending time with friends and family can help support good mental health.

Can anyone remember the 5 ways to wellbeing?

The **5 Ways to Wellbeing** are simple actions that can help us feel happier and healthier:

1. **Connect**

Spend time with family, friends, and people who care about you.

1. **Be Active**

Move your body by playing, walking, dancing, or taking part in sports.

2. **Take Notice**

Pay attention to the world around you and enjoy the little things.

3. **Keep Learning**

Try new activities, learn new skills, or discover interesting facts.

4. **Give**

Be kind, help others, and share your time with people in need.

Affirmation of the day

I will be fair, kind, and stand up for what is right.
