

**Year 2**  
**Summer Term One Homework Project**  
**Great People Who Have Shaped the World**

Some of the “Great” people we will be looking at in our English lessons are David Attenborough, Frida Kahlo, Mary Anning, Rosa Parks, Mary Seacole and Gertrude Ederle. However, in one of the books we are reading there are other “Great” people such as Marie Curie, Amelia Earhart, Emmeline Pankhurst and Anne Frank. You can do your project on one or more of these people.

I would like you to use materials that you have at home to make one of the following:

1. **Fact-file or Fact Cards:** Create a biography about one or more “great” people.

You can draw your own pictures on your fact cards or in your fact-file or you can print pictures (with parental permission) off the internet.

2. **Famous Faces Poster:** Create a large poster board shaped like the person's face, with different sections of the "face" containing facts, quotes, and achievements.
3. **Newspaper Report:** Design a front-page newspaper article from the day of the person's biggest achievement, complete with headlines and "eyewitness" quote
4. **Timeline:** Build a timeline using maps and historical photos to track the person's personal journey and global impact.

**I cannot wait to see all of your projects.  
Please hand them in before Friday 15th  
May. Thank you. Mrs MacKay**

Or create your own idea as long as it is related to one of the “Great People Who Have Shaped the World”.
