

Year 6
Summer Term One Homework Project
The Slave Trade

It is time to get creative year 6. I would like you to research the Slave Trade, particularly the Triangular and Transatlantic slave trade.

1. Find out about what the triangular slave trade was and who it involved or about some famous people who were involved in it.

2. Find out about the abolition of slavery and create a poster or Power point presentation about your findings.

3. Create a world map showing where slaves were taken from and where they were transported to.

Or create your own idea as long as it is related to The Slave Trade.

I look forward to seeing your amazing project by Wednesday 20th May.
