Year 5
Autumn Term Two Homework Project
Countries of the World, Including Biomes and Environmental Regions

It is time to get creative year 5.

I would like you to use materials that you have at home to make one of the following:

1) Make a 3D model of a biome.

2) Design an animal or plant that could live in one of Earth's biomes.

3) Choose a biome and create a fact file about all the types of plants and animals found in that biome.

Or complete a homework task of your choice relating to the countries of the world, biomes and environmental regions.

You created brilliant projects about the Ancient Greeks, and this is another chance for you to really amaze and impress your peers and your teacher.

I look forward to receiving your amazing projects by **Monday 7th December 2026.**
