Wardley CE Primary School

ETHOS COMMITTEE

Autumn Term Newsletter 2026

*Our committee members have been thinking about how we can show our school values of **Respect, Friendship, Trust, Courage** and **Perseverance** through our actions, helping others, caring for God's creation and making sure everyone's voice is heard.*

Our School Environment

We want to make God's Garden an even more special place! We have been sharing ideas about adding colourful pebbles, a new cross and a bin to help keep it tidy.

Our youngest children are also going to help by making bird feeders for our feathered friends! We want everyone to enjoy our outdoor spaces and help look after God's beautiful creation.

British Values

*We have been exploring how we can help everyone understand and celebrate British Values at Wardley. Our committee has suggested sharing **British Values** more regularly during Collective Worship and using **Picture News** in classrooms to encourage discussions about the world around us.*

Collective Worship

We have some exciting plans for Collective Worship!
*We would love everyone to help design a new **altar cross** for our school. Children will be able to get creative, and our Ethos Committee will help choose the winning design!*
We are also looking forward to helping with our Christmas service, reading prayers and sharing ideas.
We even want to lead a Collective Worship about recycling and looking after our planet!

Climate Action Plan 2026–2027

*We want Wardley to become an even greener school! We have been thinking about little changes that can make a BIG difference. Our plans include **recycling** more paper in classrooms, making bird feeders and creating a bug hotel to give tiny creatures somewhere safe to live! In January, we will look at how we are getting on and think of even more ways to help our planet.*
Remember, little actions can make a BIG difference!
