

## Spellings

Use spelling frame to learn your spellings. How many points can you earn? Can you win the weekly certificate?

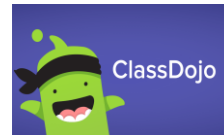

# BEECH Class

## Home learning Grid - Spring 2

When you complete an activity, upload a picture onto Class Dojo. You can do the activities in any order. This is due in by **Thursday 26<sup>th</sup> March 2026**

*All resources will be uploaded on to Class Dojo, if you require paper or resources please let your class teacher know.*

## Geography

Research a country of the world that is in a different continent to the UK. Create an information leaflet all about that place. Include whereabouts in the world is it (is it near the equator?) what I could see there, what is the climate and any other fascinating facts you can find out.

## Reading

Read the book you bring home from school **at least three times a week**. Write a book review about your book. Ask your teacher for a sheet to do this.

## Family project

Visit a place of interest with your family. This could include a park, an art gallery, museum, theme park, funfair, zoo, a local historical place of interest or anywhere else you can think of. Take some pictures when you are there and be prepared to tell the rest of the class all about your visit and what you did there.

## Maths

Remember to continue practising your times tables every week! Think about having fun, challenging your friends or family and joining in the competitions on TT Rock Stars. I will check each week to see who has managed to make the most progress!

## Art & Design

Create your own wave picture using whichever materials you wish. You could use paint, coloured pencils, chalk, collage, make a paper sculpture or any other creative way you can think of.

## Science

We are learning about teeth and the digestive system. Can you make a model of the teeth? Make sure that you label the different teeth you will find in the mouth. You could make your model out of plasticine, paper mache, card or any other way you can think of.
