

ART GALLERY

All Creatures Great and Small is a whole-school art exhibition celebrating animals, new life and our responsibility to care for creation.

Inspired by the values of **St Francis of Assisi**, pupils across the school have explored how artists use colour, pattern, texture and symbolism to represent animals and the natural world. Each year group studied a different artist, developing skills progressively from early mark-making and collage to expressive painting and symbolic mixed-media work.

The exhibition reflects not only artistic skill, but also creativity, imagination and thoughtful responses to the world around us. Every piece celebrates the uniqueness of living things and reminds us of our shared duty to protect and respect life.

Andy Warhol was a Pop Artist. He used a technique called printing to create a repeating pattern of any image he liked.

Year 1

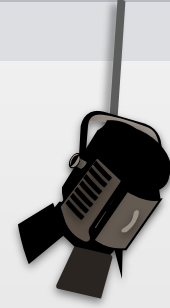

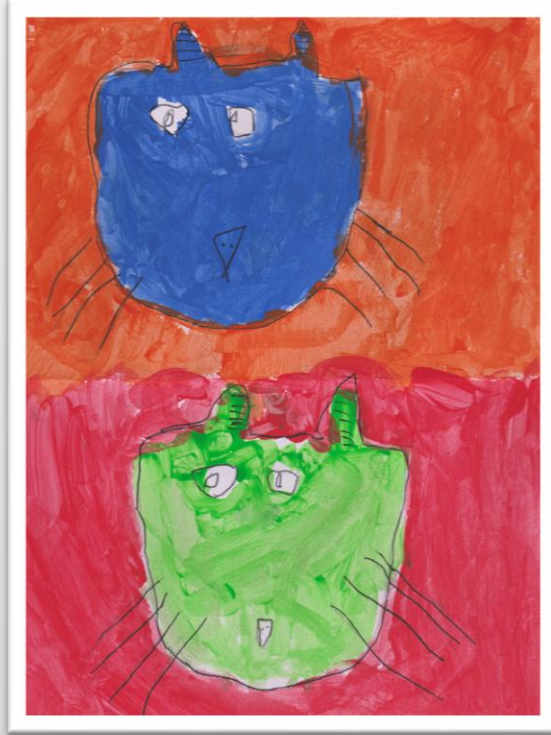

He created lots of famous repeated images, some of famous people like Marilyn Monroe or even of food. In his pictures, he liked to use bright, eye-catching colours.

In **year 1**, we decided to try his repeating technique on our animal drawings.
