

Outwood Primary School

Year 1 Homework – Autumn Term

TOPIC: Local History

Daily Reading

Please read your child's school book with them as much as possible. Ideally once every day.

Teach Your Monster

Each child has a unique log in for Teacgh Your Monster in their Homework book. Feel free to use all sections on the website, however, please focus on progressing through Number Skills

Curriculum Grid

Each week choose an activity from the grid below to complete. Please share your learning in class or on Dojo.

Draw around your body or the body of a family member and label the body parts.	Take a moment to use the 5 senses. This could be at home or anywhere you like. Make a list or draw the things you see/smell/hear/taste/feel.	Design a new animal, it could be made of parts of other animals e.g. a tigers head with elephant ears and a pigs snout, or completely imaginary.
Have fun at the park.	Create your own 1 – 10 number line. Try to be imaginative using different pictures or objects to represent the numbers.	Make your own Family Tree
Research Heald Green give me an interesting fact about a person from Heald Green, a building or the town itself.	Find out what school was like in the past by asking grown ups in your family. Tell me the most surprising or interesting thing you find out.	Jump in puddle. (Wear wellies if you have them!)
Write 5 silly sentences using questions marks and exclamation marks correctly.	Share your favourite story with someone you love. (Parents, it would great to have pictures of this in our reading corner so please send them in 😊)	Create an observational drawing of your favourite toy.
