Welcome Back!

I hope you are looking forward to our exciting new term.

The children have a fabulous topic 'Migration'. The children will be exploring 'What has been the impact of migration on our country over time'. Their lessons will consist of understanding what migration is, exploring push and pull factors, how we have been influenced in the way we eat, dress, art and our streets.

In Maths we will cover fractions, multiplication & division, decimals & percentages, perimeter and area. The children will have opportunities to undertake in depth investigations to deepen their learning.

In Science, we will continue to learn about Earth & Space and Properties & Change in Materials. This will consist of exploring day & night, the solar system, phases of the moon, dissolving and recovering a substance from a solution.

We have an exciting DT topic exploring frames and structures.

In your classroom this year will be:

Mrs Shorrocks – Class Teacher

Miss Osborne – LSA

Mrs Asante – LSA

In other subjects we will learn about, citizenship, health & wellbeing and data & information.

In RE we will be exploring the question 'If God is everywhere why go to a place of worship?'

The children will continue with swimming on a Monday and PE on Wednesdays in Spring 1.

In Spring 2 the children will have PE on a Wednesday and Friday.
