

Year 4 Home-learning On A Page Grid.

Please complete the weekly non-negotiables and **at least** one other task by **Monday 12th February.**

The celebration of the learning will be on **Thursday 15th February.**

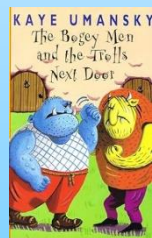

Weekly non-negotiables

These **have to be** completed on a weekly basis.

- Daily reading (at least 5 pages or more to be read per day)
- Times Table Rockstars. Children should complete their weekly studio and garage sessions.

English – Poetry Performance

Write and perform your own version of The Bogey Man and the Trolls next door. You can change the ending so that the families may not be friends at the end. Record yourself reading your own version and use expression and actions to make the your rhyming story even more exciting.

Science – States of Matter

We are learning about states of matter and the water cycle. Create your own 3d version of the water cycle.

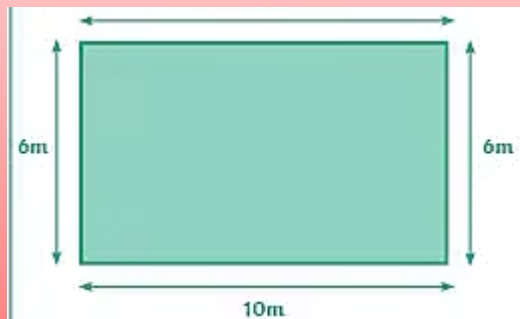

History/Art - Romans

Design your own Roman shield. Remember to have symbols on the shield that the Roman army would have had and research why the Roman army used the tortoise formation.

Maths - Perimeter

Measure the perimeter of 8 different objects around the home. Order them from shortest to longest and remember to write the unit of measurement.

PE – Tennis

See how many times you can bounce a ball on a racket without it hitting the floor. Record yourself and then see if you can beat your previous score.

RE- Community

Create a learning poster about 'Community'. Record what the word community means and share which different communities you belong to.
