

Multiples of 10, 100 and 1,000

1. Hope and Rory are discussing number facts that are related to the calculation below.

$$6,700 \div 10 = 670$$

Hope

A related number fact is
 $670 \times 10 = 6,700$

A related number fact is
 $670 \times 2 = 1240$

Rory

Who is correct?

2. Work out which numbers have been hidden by the splats. Use the calculation below to help you.

$$45 \times 10 = 450$$

$$\text{ } 0 \div \text{ } 0 = 45$$

VC
Hm/Gd

3. Use the digit cards below to make the statement below true.

$$150 \times 10 > 13 \times 100$$

$$\text{ } \div 100 > \text{ } \div 10$$

5

0

1

3

You can use each digit card more than once.
