

Anglezarke
Cycle A
Autumn 2 2021

Where in the world?

<p>English: Children will read and write folktales and explore the features within them. Children will also learn about the structure and language of reports and then will write their own information texts.</p>	<p>Maths: Children will develop their understanding of addition and subtraction with numbers up to 100 (Y2) and 1,000 (Y3). They will learn mental and written strategies to multiply and solve problems involving these operations.</p>	<p>Topic: History & Geography Great fire of London. Children will continue to learn about the Great Fire of London and will learn about the importance of Samuel Pepys and his diary. Children will identify some similarities and differences between ways of life in 1666 and now. Continents and Oceans Children will develop their knowledge of the world, locating and naming the oceans and continents. They will develop their understanding of different characteristics of these parts of the world.</p>	
<p>Science: Materials: Children will learn about different types of everyday materials, their uses and their properties. They will test and investigate in order to decide which materials are best suited to a job. Children will read the Traction Man story to support their learning.</p>	<p>Computing: Programming: Children will continue use simple programming software to write and debug an algorithm. They will learn how to predict the outcome of an algorithm.</p>	<p>Art / DT: Children will investigate different mechanisms including axles and wheels. They will explore how make a vehicle and develop their skills in measuring and using specific equipment.</p>	<p>RE: Christianity Children will learn about the Christian belief that Jesus is the light of the world. What does this mean? What does it mean to you?</p>
<p>PE: Invasion games Children will continue to be learning to play Touch Ball, applying their skills and understanding from previous years. Children will improve their throwing and catching and will learn new techniques and strategies.</p>	<p>PSHE: Valuing difference Children will learn about what makes us unique and how to respect differences. Children will consider the British Value of tolerance and respect within this unit.</p>	<p>MFL: Children will learn days of the week and the names of colours. They will move onto names of months and</p>	<p>Music: Children will start to learn songs for the Christmas and festive period.</p>

Don't give up

Try new things

Respect others

Concentrate

Be motivated

Improve
