

This half term's topic is '**Nursery Rhymes**'

These are **the home learning challenges** that link to the learning we will be doing in school. We would like you to complete as many of the tasks over the **half term** as possible. Please upload your completed activities onto **Seesaw** or bring it into school as you complete it. It would be great to **share** with the rest of the class.

Weekly Essentials

Reading:

Enjoy story time with your grown up for 10 minutes every day. This can be reading a story at bedtime or making up your own with teddies.

Physical Activity:

Take part in some physical activity every day. Choose from a number of wake and shake songs on YouTube.

Maths:

Practise counting to 10 and beyond each day.

The **knowledge organiser** and **class newsletter** has lots of information and facts for you to use and help you with your learning too.

Personal, Social and Emotional

At school, we have been reading 'The Colour Monster' and talking about our feelings. Talk about what makes you happy.

Mathematics

Encourage your child to help you when out shopping by counting and collecting objects to put into the basket, for example, "Can you get two apples?", "How many oranges do we need?"

Shopping List

2 apples

1 lemon

4 oranges

Understanding the World

Draw a picture of yourself.
What body parts do you have?
What do our ears do?
What do our eyes do?

Expressive Arts and Design

Use some old boxes, cups or other materials in your house to make an Instrument.

Explore the sounds you can create with your instrument.

Physical Development

Can you help your grown up to match your socks after they have been washed?

Strengthen your fine motor muscles by also helping to peg the socks on the washing line.

Literacy

Share lots of book with your child, read familiar or family favourite books. Encourage your child to join in with repetitive phrases such as 'Run, run, as fast as you can, you can't catch me, I'm the Gingerbread Man'.

We **believe** in ourselves, to **achieve** our goals and **succeed**!
