

Nursery Topic Home Learning Challenges

This half term's topic is '**Traditional Tales**'

These are **the home learning challenges** that link to the learning we will be doing in school. We would like you to complete as many of the tasks over the **half term** as possible. Please upload your completed activities onto **Seesaw** or bring it into school as you complete it. It would be great to **share** with the rest of the class.

Weekly Essentials

Reading:

Enjoy story time with your grown up for 10 minutes everyday. This can be reading a story at bedtime or making up your own with teddies.

Physical Activity:

Take part in some physical activity every day. Choose from a number of wake and shake songs on YouTube.

Maths:

Practise counting to 10 and beyond each day.

The **knowledge organiser** and **class newsletter** has lots of information and facts for you to use and help you with your learning too.

Personal, Social and Emotional

Draw a picture of your family. Talk about why you love each person in your family. What do they do that makes you happy?

Mathematics

Create a treasure map!

Describe how to find the treasure to your grown up and follow the map!

Understanding the World

Go on a nature walk and use your senses.

What can you see, smell, hear and touch around you?

Can you see anything growing?
Can you see any animals or insects?

Expressive Arts and Design

Use an old sock to create a puppet.

You could use string, wool, buttons, ribbon, felt, etc.

Physical Development

Create an obstacle course! Encourage the children to use movements such as crawling, jumping, balancing.

Reiterate the positional language as they complete the obstacle course

'You're going **over**, you're going **over**. You're going **under**, you're going **under**.'

Literacy/Communication and Language

Read your favourite story with your grown up.

Can you use your homemade puppet to retell the story?

We **believe** in ourselves, to **achieve** our goals and **succeed**!
