

This half term's topic is 'Great Britain Now'

These are the home learning challenges that link to the learning we will be doing in school. We would like you to complete as many of the tasks over the half term as possible. Please upload your completed activities onto Seesaw as and when you complete them. It would be great to share with the rest of the class.

### Weekly Essentials

#### Reading:

Read for 10-20 minutes everyday. This can be your reading book, a book from home or your library book

#### Spelling:

Practise your weekly spelling that are in your reading record diary and on Seesaw. Practise using them in sentences too!

#### Maths:

Practise counting in 2s and writing the different number bonds of 5, 6, 7, 8, 9 and 10.

The knowledge organiser and class newsletter has lots of information and facts for you to use and help you with your learning too.

#### Science:

This half term we will learn about different animals. Can you draw or make a list of all the different mammals, fish, birds, reptiles and amphibians you know?

#### Geography:

Can you make a map which shows the different locations of the countries that form the United Kingdom?

#### Writing:

What information can you find from the internet or books about England, Scotland, Wales or Northern Ireland? What are the capital cities? Can you make a poster to record all your research?

#### Art:

Can you create your own flag using the examples below as inspiration?

#### D & T

Choose a famous landmark anywhere in the United Kingdom and make it using your junk modelling skills!

#### Additional Maths:

Continue to learn about the different number bonds to 10. Practise playing the Topmarks game we use at school:

[Hit the Button - Quick fire maths practise for 6-11 year olds \(topmarks.co.uk\)](https://www.topmarks.co.uk/Hit-the-Button)

You could also practise writing your numbers to 10 as words.

We *believe* in ourselves, to *achieve* our goals and *succeed*!
