Nearer the time...

- ✓ We'll ask pupils who they would like to be in a dorm with
- ✓ We'll confirm who they're sharing a room with and who they'll be with during the day
- ✓ We'll begin to talk to the children about the residential so they feel excited and give them opportunities to ask questions
- ✓ We'll keep things as normal as possible in the run up to keep everyone calm
- ✓ We'll make sure we share things such as the itinerary and menu with the children in advance

And finally...

- We have received details confirming accommodation arrangements. We are across 4 floors and we'll have 2 adults on each floor. The building is secure and children will know where to find us
- We'll share this PPT on our class pages for anyone not able to attend today
- We take the responsibility of caring for your children extremely seriously. We'll call you if we need to but assume no news is good news
- Please remember that all medication needs to be clearly labelled with the exact dosage. You do NOT need to pack Calpol
- Please don't send too many snacks – they won't need them
- Plan a sleepover somewhere for your child if they've never been away without you overnight before
- Any questions?
