## Community Spirit

Throughout this year , we are going to be giving the children different opportunities to 'give back' to our local community. Year 6 have started this today by helping to clear the leaves from the church yard.

If you have any community ideas for the children to take part in please email school.

## Attendance award Congratulations to...

17th to 21st November Year 5 97.6%  
24th to 29th November Year 3 98.5%

### DATES FOR THE DIARY

Wednesday 17th Christmas Fayre (more info to follow)

Thursday 18th Whole school trip to the Pantomime

Friday 19th Last day of term

*A special '12 Days of Christmas' timetable and a separate Christmas events letter for parents will follow.*

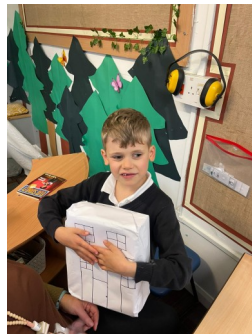

Thank you to everyone who made a purchase or two at our Travelling Book fair last week. We took an amazing £982! We get 50% commission so we have £491 to spend on Scholastic books. We will be asking pupils and teachers for their thoughts on new texts for our school.

*“The school is our children; our children make the school”*

A ‘hat trick’ for the Celik boys in our weekly achievement assembly. All three brothers earned awards for fantastic learning attitudes and working hard. Well done boys!

2

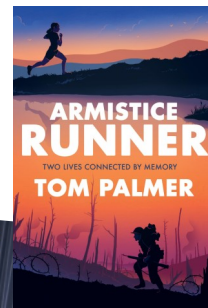

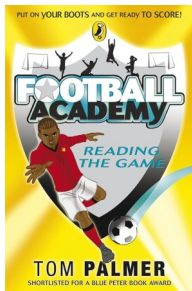

In Year 2 they have begun to construct the houses that were burnt down in the Great Fire of London’ in 1666. As a class they have thought carefully about materials that will be suitable for their models. They have used their history and science knowledge to support their choices when designing their homes. In the upcoming weeks they will be using straw and other flammable materials to create a thatched roof just like the houses in 1666. They can’t wait to show off their completed models.

Year 6 were extremely lucky to be invited to Wales High School to meet their author of the term - Tom Palmer. He was really inspirational and told them about how he became an author and the children were able to ask him questions and have their books signed. We are really grateful to Wales High School for involving us in this fantastic opportunity.

## JOIN THE PTFA TEAM!

### Help Us Make a Difference,

**We need your enthusiasm!** Join us in creating memorable events for our children and community. As a volunteer, you can make a **positive impact**. Whether you help at events or join the committee, your support means the world!

**Sign up today and be part of something special!**

Contact us at - [walesptfa@gmail.com](mailto:walesptfa@gmail.com).  
Alternatively- leave your contact details with the school reception.

We're off to the panto!

Oh no we're not!

Oh yes we are!

Please return your child's permission slip to your class teacher or TA as soon as possible.  
Thank you.

SCIENCE • TECHNOLOGY • ENGINEERING + ARTS • MATHEMATICS

STEAM is a educational approach that allows our children to use science, technology, engineering, the arts and maths as an access point to their learning.

We would like our children to experience as many first hand experiences of STEAM in the real world as possible.

If you have experience in any of the five areas of STEAM that you would be willing to share with our children either in an assembly, classroom or in small group workshops please contact Mrs Long-Melton at [clong-melton@walesprimary.co.uk](mailto:clong-melton@walesprimary.co.uk) or let your child's class teacher know because we would love to learn from you.

## **ROTHERHAM SCORPIONS JUNIOR TABLE TENNIS COACHING**

for ages 8+

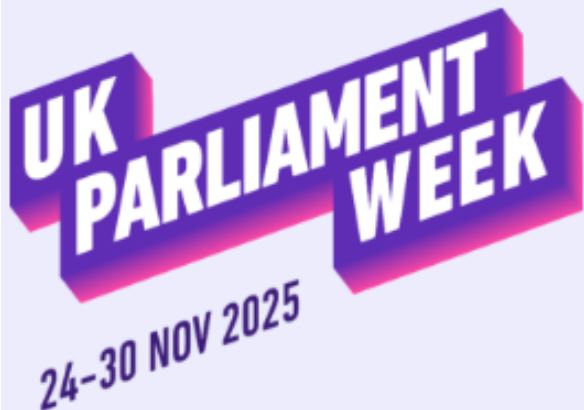

*"Come and give it a go!"*

Thrybergh Academy  
Sports Hall, Park Ln  
Thrybergh, Rotherham  
S65 4BP

Every Friday 7pm - 9pm

First session free

Email: [rsjttc@yahoo.co.uk](mailto:rsjttc@yahoo.co.uk)  
for further details

UK Parliament Week (UKPW) is an annual event, spreading the word about what Parliament is, what it does and how you can get involved. It's a great way to find out new things about UK Parliament.

Our Y6 hosts have run activities in their classroom every lunchtime for the rest of the children to participate in Parliament Week activities.

Year 5 have been rehearsing a street dance to Katy Perry's song 'Roar!'. In this lesson they were focusing on movement, patterns, co-ordination, rhythm and timing. After a few practices they performed their group dances on the stage and gave each other feedback to help improve their performance.

## **WALES PRIMARY SCHOOL CHOIR CHRISTMAS PERFORMANCES**

WEDNESDAY 17TH DECEMBER  
2.30PM & 3PM
