

Shopping

Words in every aisle

Name the things that you see

Trolley, basket, food items, toys etc.

- Shopping gives your child a chance to hear new words, make choices, and talk about real-life things.
- Make up songs and rhymes as you shop.
- Point out numbers, letters and pictures you see in the shop.

Encourage choice making

Let your child help decide what to buy e.g. "shall we buy the green or red apple?"

Use describing words

"This melon is **round** and **smooth**," "this potato is **big**," "the bread is very **soft**."

Tell your child what you are doing

"Now we will put the eggs in carefully," "next we need to find the milk."
