

Personal, Social and Emotional Development

Physical Development

Understanding the World

We are getting ready for our exciting move into Reception. We will be visiting our new classes and thinking about how to be more independent.

We will be able to spend a lot of time outdoors in our fantastic outdoor environment

We will think about different ways of travelling and talk about the places we have visited. We will go on our trip to Reddish Vale Farm and learn about baby animals.

Our Summer 2 Topic in Nursery is Journeys

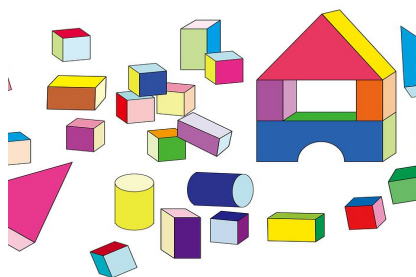

We will continue to count each day and begin to think about finding 1 more and 1 less when working practically. We will begin to work with 3D shapes.

We will be thinking carefully about the way stories are structured and will be reading books about journeys. We will continue to learn our initial letter sounds in phonics and listen carefully for alliterative words and rhyming words.

We will continue to enjoy our weekly music lessons with Mrs. Seal, creating movement in response to music & using movement to express our feelings. We will use our creative area to develop our drawing and painting skills.
