Over the past 2 weeks I have attended assemblies at Marus Bridge Primary School, St Paul's CE Primary School, Highfield St Matthew's CE Primary School, Worsley Mesnes Community Primary School, and Winstanley Community Primary School. For each visit, I was accompanied by a current Year 7 student who had previously attended that primary school. During the visit, they told the year 6 and year 5 of their experiences to date in Hawkley Hall. The students were absolutely fantastic ambassadors for our school. They spoke with confidence, enthusiasm, and maturity, sharing their experiences and explaining what they enjoy most about school life. It was a real pleasure to hear their views. Many of the students also brought a great sense of humour to the assemblies, helping students feel relaxed and engaged while providing an authentic student perspective on the transition to secondary school.

Congratulations to our ECO Club

We are very proud to celebrate our Green Flag Award achievement. Evelyn, our Chairwoman, and Lily, our Deputy Chair, have worked hard with the rest of the team to develop our school. Their hard work, dedication, and passion for the environment have helped our school successfully achieve the Green Flag Award.

Evelyn, Lily and the team are always full of creative ideas for making our school even greener and more environmentally friendly. We would like to thank them for their commitment and leadership, and we look forward to seeing their future ideas help our school continue on its journey towards a more sustainable future.
