

Year 4 Teaching and Learning Newsletter

Messages:

Welcome back to all our New Year 4 Pupils!

We begin our year with a Geography topic: EuroVISION. We will be learning about the countries which form Europe and their capitals, what land is used for and also the Greenwich meridian and time zones. Our new History topic this half-term is the Ancient Greeks. We will learn about their beliefs in Gods and Goddesses, the battles that they had, their everyday lives and also the impact they had on modern life.

Please continue to send in Topic Home Learning Work throughout the Term

Peek at our Term...

Maths

What we already know

- Place Value
- Addition and subtraction
- Multiplication and division
- Fractions

What we are going to learn

- Place Value
- Addition and subtraction
- Multiplication and division
- Fractions
- Time
- Measuring- Angles
- Money

Activities you can do at home

Support your child with TT Rockstars -[Times Tables Rock Stars: Play \(ttrockstars.com\)](https://www.ttrockstars.com)

and if they are struggling with a particular multiplication table- practise it on hit the button. [Hit the Button - Quick fire maths practise for 6-11 year olds \(topmarks.co.uk\)](https://www.topmarks.co.uk/quick-fire-maths)

Reading

What we already know

- identify and make notes of the main points of section(s) of text
- infer characters' feelings in fiction and consequences in logical explanations
- identify how different texts are organised, including reference texts, magazines, leaflets, on paper and on screen
- explore how different texts appeal to readers using varied sentence structures and descriptive language

What we are going to learn

- deduce characters' reasons for behaviour from their actions and explain how ideas are developed in non fiction texts
- use knowledge of different organisational features of texts to find information effectively

Activities you can do at home

Read with your child regularly and check that they are reading and quizzing on MyOn.

At the weekends why don't you take your child to The Oldham Library to pick books of their own choice and join in with the Free weekend sessions.
https://www.oldham.gov.uk/info/200395/find_a_library/722/oldham_library_and_lifelong_learning_centre

Writing

What we already know

- show relationships of time, reason and cause, through subordination and connectives
- compose sentences using adjectives, verbs and nouns for precision, clarity and impact
- clarify meaning through the use of exclamation marks and speech marks

What we are going to learn

- use settings and characterisation to engage readers' interest
- show imagination through language used to create emphasis, humour, atmosphere or suspense
- choose and combine words, images and other features for particular effects

Activities you can do at home

Ask your child to keep a diary, make shopping lists and write for a "REAL" purpose.

Pay particular attention to capital letters and full stops.

Science

What we already know

- Plants
- Animals
- Light
- Rocks and magnets

What we are going to learn

- Sound and Electricity
- The main focus of Y4 science involves testing out their ideas, exploring relationships between living things and their environments, classifying and grouping things.

Activities you can do at home

Visit BBC Bitesize to develop the children's understanding of Electricity and Sound.
