A fun activity this week! Take a photo of an everyday object at home or outside and draw on it using Markup on an iPad to transform it into a character. **Get started:** Open your photo, tap Edit, then tap the three dots in the top-right to use Markup. It would be great to see your designs!

Why don't you try...

## Greenhill News

Thank you so much to those who were able to join us for the coffee morning this week. It was lovely to see you, and we had a really valuable discussion around age-related expectations—what children should typically be able to do by the end of each school year, and the support available if they are not quite there yet. Your engagement and questions made it a great session. In assembly, the children explored how their **British Values** link with our **school values**, thinking carefully about how these shape the choices they make every day. It was wonderful to see them making such thoughtful connections.

This week, the children have also started learning how to use **sign language** to sign the first half of the week. They've been very enthusiastic—please encourage them to practise at home and show you what they've learnt!

## Reminders

**Please don't forget to sign up for a parent evening slot.**

### SCHOOL ATTENDANCE

#### EVERY DAY COUNTS

There are 190 school days in a school year. Because 190 days is the equivalent of 100% attendance, every day counts. Make every minute count & come to the school.
