Shape Hunt Adventure! 🧩 🔮

Children are invited to go on a *shape hunt* at home or in the local area. Their mission is to spot as many different shapes as they can—everything from circles and squares to hexagons, cones, and cylinders. Younger children might focus on simple 2D shapes, while older pupils can challenge themselves to find more unusual 2D and 3D shapes, or even look for symmetry, right angles, or repeating patterns.

Why don't you try...

Greenhill News

This week, the children have been focusing on the theme of being a hero. We explored what makes a hero and learned about local heroes, including Najma Khalid and Kevin Sinfield, discussing how they help others in our community and nationally. The children also talked about how they can be heroes in school and everyday life, learning that not all heroes wear capes—small actions like helping a friend or picking up litter can make a big difference. The children learned through sign how to say Thursday and Friday, and they are excited to share this with you—please ask them to teach you the school days of the weeks—they now know them all!

Looking ahead to next week, we will be celebrating Mental Health Week and focusing on Internet Safety. We are also pleased to welcome Freddy Fit, who will be leading fun activities to encourage healthy exercise and help children understand the benefits of staying active to support good mental health.

Reminders

Parents evening – Wednesday 11th February.
The school nurse team and POINT will also be attending.
