

Years 5/6 - Autumn 1

Check our website for the latest news and updates.

Welcome back!

It's been a great week in Upper Key Stage 2, with all students settling in well. Our classes are as follows:

Y6 Sapphire - Mr Bramah and Mrs Mayers

Y5/6 Amethyst - Miss Bowler

Y5/6 Tanzanite - Mr Hampson

We are supported in class by Mr Whalen, Mrs Chadwick, Mrs Hilton Brown and Mr Arshad.

English

In English, we're studying the story of Romeo and Juliet this half term. It was of course written by William Shakespeare, whose work was prevalent to the Tudor time period. The children will be writing diary entries, narratives with alternative endings and newspaper articles.

Maths

In Maths, we're going to be focusing on place value and then doing lots of work on the four operations to begin the year. We'll be learning about the importance of accuracy and efficiency when using our written methods, to be the best mathematicians possible!

Overview of other subjects

SCIENCE - Forces

COMPUTING - Online safety and databases

HISTORY - Tremendous Tudors

ART - Painting Tudor miniatures

PSHE - Rules and responsibilities

RE - What do Hindu people believe?

Things to remember

All homework is given out on Mondays to be completed for the following Friday. This will be when reading records are checked by staff to ensure children have been reading at home, and when spelling sheets will be sent home for practice.

Some additional homework may also be sent home - this is only ever to further practise learned knowledge and skills from school.
