

## Newall Green Primary : Knowledge Organiser

### Geography - Italy

Spring 2

### Focus

### How is Italy different to the UK?

#### Key facts to retain

- To know what continent Italy is in and how to find it.
- To understand the climate of the country
- To understand the physical geography of Italy, including the island around it, the mountains and the lakes.
- To understand the human geography including the population and settlements of Italy.
- To know how Italy is different to the UK
- To know how Rome is different to Manchester.

#### What I already know:

- How to name and locate the worlds seven continents and five oceans.
- How to use world maps, atlases and globes.
- How to find out information of the local area.

#### Supporting experiences:

- Stone Age—  
Iron age topic  
leading into  
the Romans  
topic.
