Knowledge Organiser for Design and Technology Year 2 Autumn 2

Puppets

Key Knowledge and Skills Learnt

Skills:

To be able to use and hold scissors to control and cut.

To use adhesives to stick and paste items onto materials.

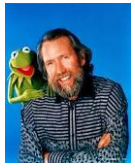

To design and create using a plan as a guide.

Label and draw lines to parts.

Knowledge:

Puppets are inanimate creations that are used to entertain.

Jim Henson was an American puppeteer and film maker.

He was famous for creating Sesame Street and the Muppets.

Puppets move by other mechanisms such as pulleys, string or pins

What I should already know:

You may have seen a puppet show outside of school.

You will know about different materials from your Y1 Science lessons.

You will know that cutting can be done with equipment such as scissors

Walt 1: investigate puppets and their mechanisms

Walt 2: practice cutting and joining skills

Walt 3: design a moving puppet to retell a classic fairy tale

Walt 4: make a moving puppet to retell a classic fairy tale

Walt 5: evaluate our designs

Key Vocabulary

puppet	A movable model of a person or animal which is usually moved by strings controlled from above or by a hand inside it.
movement	Changing position.
