

Autumn Newsletter

2026 / 2027

Welcome to EYFS!

Meet our Team:

Miss Robinson, Miss Byron, Mrs Begun, Mrs Ahmed, Miss Arshad, Miss Hinde ,Miss Kahtun,
Mrs Hesford, Mrs Islam, Mrs Al-Qasmi

Amber class

Diamond class

Ruby class

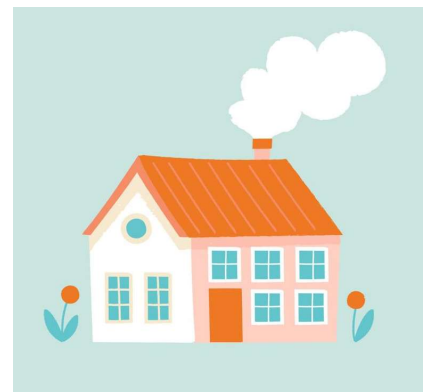

Firestone class

This half term we will be learning:

This half term, our topic is 'Super Duper Me!' We will be settling into EYFS, becoming familiar with our routines and building positive relationships with new and familiar friends. Children will explore what makes them unique by talking about their interests, families, homes and the people who are important to them. Through play, stories, conversations and creative activities, we will support children to develop their confidence, independence, communication skills and sense of belonging within our EYFS family.

Homework

Nursery Home Learning Rubric

Remember to share photographs on Tapestry so your teachers and friends can see them 😊

Take a book from the class lending library. 	Go on an Autumn walk and collect some Autumnal items. Can you bring these to school to show your friends?  
Can you make your own playdough using the recipe sent by your teacher?  	Can you practise putting on your coat?  
Can you express your creativity by drawing or painting a special picture to share with all your friends?  	Explore a new area with your family. Why not visit the local park or somewhere you have never been before? 

Fill out what you can and when you complete your bingo card:

tell your teacher to get a prize!

Reading Read 3 times per week and ask an adult to comment in your home diary to become a Reading Champion. 	Art Use materials like crayons, paints, or clay to create a piece of art that represents something you love (e.g., a favourite animal, hobby, sport, or interest). 	Focus: Take a group of up to 10 objects (blocks, fruit, toys) and practice counting them. Then, remove or add one object to show 1 more or 1 less. 	Investigative Focus: Explore Nature Go on a nature walk and find something special that you like. What did you discover? Share it with your class. 
Outdoor Focus: Play a game like tag, hide and seek, or a nature scavenger hunt with a family member. 	Indoor Focus: Use cushions, blankets, or toys to create something special indoors (like a fort). 	50 Things to Do Before You're Five – Visit a Local Park or Playground Go to a park and explore something new—maybe a new slide or swing! 	50 Things to Do Before You're Five – Play with a Friend or Sibling Have a fun playtime with someone in your family or a friend and share what you did! 
50 Things to Do Before You're Five – Explore a New Hobby Try a new activity you've never done before (e.g., playing a new game, singing a new song, drawing, or building). 	Draw a Picture of Yourself Draw a picture of yourself and label different parts of your body. What makes you unique? Share something special about you with the class. 	Practise Zipping Up Your Own Coat Practise putting on and zipping up your coat all by yourself. Can you do it without help? Show your teacher how proud you are! 	Music Focus: Find things around your house that make different sounds (like pots, spoons, rice in a jar). Create your own music and perform it for your family. Can you make a loud sound? A quiet one? 

Read 3 times a week to become a reading champion and get your stamp!

Important Information:

Reception PE Days: Thursday
Children to come to school in their PE kit.

Attendance

Regular attendance and punctuality are essential to children making the most of their time at school. Every lesson, interaction and learning experience matters, and children benefit enormously from being in school every day and arriving on time, ready to learn. Breakfast club and Thrive Time is open for all children from 8:30am.

We ask all families to prioritise attendance wherever possible and to ensure that children arrive at school promptly each morning. Being on time helps children begin the day calmly, confidently and alongside their peers, without missing important learning or routines.

We are also excited to celebrate excellent attendance this year. Any child who achieves greater than 97% attendance by the end of the academic year will receive a special surprise!
