

How are forces used every day?

Key Stage 2

To be handed in on Friday 15th December 2023

We would like you to create a project all about how forces are used every day. You might want to think about specific objects, activities or how you see forces being used around your home.

Don't forget, you will need to explain your project when you present it.

It is up to you how you decide to present your project and you may work with a partner if you wish. **However**, you must demonstrate knowledge and understanding by making sure that it is your own work and that the information is written in your own words.

Here are some useful websites:

<https://www.bbc.co.uk/bitesize/topics/znmmn29>

<https://www.science-sparks.com/forces-and-magnets/>

<https://www.scienceforkidsclub.com/force.html>

If you have any questions, just ask!

If there are any materials you need, speak to Mrs Burke, Miss Brownrigg, Mrs Davies or Miss Irving, and we will do our best to help you.

Thank you 😊
