

Can you create an animal?

Key Stage 2

To be handed in on Friday 15th March 2024.

We would like you to create a project using your knowledge about living things and their habitats.

Can you design a brand-new animal and give it an appropriate place to live?

Don't forget to classify your animal and tell us all about its diet.

You will need to explain your project in your own words when you present it.

It is up to you how you decide to present your project and you may work with a partner if you wish (no more than two people in a group).

However, you must demonstrate knowledge and understanding by making sure that it is your own work and that the information is written in your own words.

Here are some useful websites:

If you have any questions, just ask!

If there are any materials you need, speak to Mrs Burke, Miss Brownrigg, Mrs Davies or Miss Irving, and we will do our best to help you.

Thank you 😊
