We hope you had a lovely half term break. We can't believe its Autumn 2 already! We have got lots of fun things planned for this half term and are looking forward to getting stuck in.

As always we understand that the Year 6 children are growing in their independent which means we don't see you all as often but know we are always available on the door if you need to talk to us about anything!

Mrs Bebbington, Mrs Nichol, Mrs Nicklin and Mrs Curran.

Reminders

- Please could you check all clothing is named to reduce the chance of items being lost.
- Children are welcome to keep a drink with them to ensure they remain hydrated during the day; we just ask that this is water or flavoured water.
- Jewellery- children can wear 1 pair of studs (these must be removed for PE). We ask that all other jewellery is left at home.
- Can we just remind you that children are welcome to bring a treat on a Friday for snack, but please could this be limited to something like a pack of crisps, a chocolate bar or a small packet of biscuits.

PE

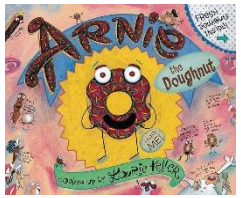

Year 6 will have two PE lessons each week. On a Wednesday they will have PE with Mr Clayton during PPA time and on a Friday they will have PE with Mrs Bebbington.

During Autumn 2 we will be focusing on dance.

Both of these weekly sessions will take place indoors.

For their kit, the children need black/navy short or joggers, a white t-shirt and trainers.

English

During Autumn 2 the children will be studying the book 'Arnie the Doughnut' by Laurie Keller.

We will be learning a number of skills during this unit and completing a piece of fiction and non-fiction writing based on it.

Autumn 2 2026

Maths

This half term the focus in our maths lesson will be Multiplication and Division.

The children will be working on written methods for both multiplication and division and looking at mental methods. As well as these menthods for calculating calculations, the children will be learning about factors, mutiples, square and cube numbers.

PSHE

The children will be completing their PSHE lessons with Mr Clayton on a Wednesday afternoon.

They will be focusing on Keeping/staying safe and focusing on Alcohol.

Science

In Science our first topic will be Living Things and Their Habitats. Children will be looking for defining characteristics that enable them to group plants and animals. Having generated their own criteria, they will then look at the work of Carl Linnaeus to investigate how formal scientific groupings were determined.

After this, they will move onto learning about microorganisms, focussing on how they grow and spread.
