

Please find a summary of what your child will be learning this half term. This curriculum map is divided up into the different topics that we cover.

PE

We will begin our PE sessions by focusing on fundamental movement skills – running, hopping, skipping, jumping, throwing a ball under and over, catching, rolling, bouncing and kicking.

Computing

We will mainly work on the ipads this half term and learn how to use new apps by using a login and password.

D&T

We will design, make and evaluate fruit salads. The children will select from and use a range of tools and equipment to perform practical tasks (for example, cutting,

English

We will look at stories in familiar settings and will focus on the story 'No-Bot' by Sue Hendra, eventually learning to write our own versions of the story. We will then move onto non-fiction booklets.

Humans and Family trees

History

We will discuss changes within living memory, this will include some aspects of change in national life. We will look at changes within their own life and family trees, including the Royal Family.

Science

Our science topic is all about the human body. We will label main body parts and learn about the senses. We will also explore how humans can be similar and different to each other. We will look at ways to keep our bodies healthy.

Maths

We will begin by focusing on place value and practising counting skills. We will then move onto addition and subtraction within 10.

RE

We will learn why Christians celebrate Harvest Festival and how we can use this as an opportunity to help other people.

PSHE

We will be looking at relationships and thinking about feelings and being good friends.
