

Year 2 - Knowledge Organiser - The Place Where I Live

Through our History topic, we will learn:

In the early 1900s trams connected Padiham to Nelson.

Transport in Padiham has included trams, trains, horse and carts.

The Greenway used to be a railway.

Through our Geography topic, we will learn:

The river Calder flows through Padiham

Padiham is in England

The directions on a compass are North, East, South and West

Gawthorpe Hall and the Town Hall are physical features of Padiham.

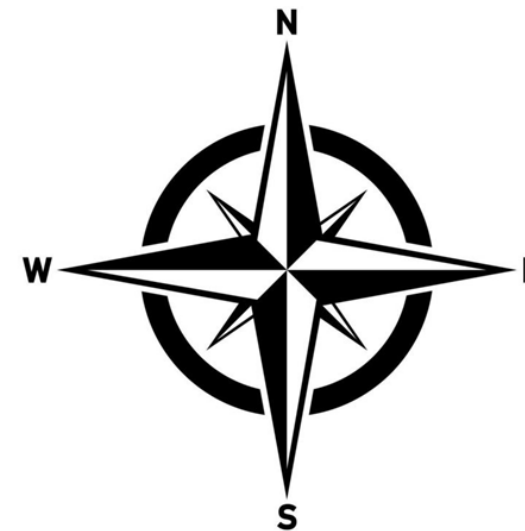

The river Calder is a human feature of Padiham.

In Science we will learn that:

Sustainability is doing little or no harm to the environment.

We can recycle glass, plastic, wood, metal and paper.

Recycling is an eco-friendly method of getting rid of rubbish.
