

# Curriculum Map

## Year 5 Autumn 1 2025-2026

### English

In this unit, we will be looking at, 'The Lion, the witch and the wardrobe', by C.S Lewis. From this we will use what we know from our History topic to write a diary entry as an evacuee and then we will innovate our own setting once walking through the wardrobe.

### Maths

In this unit, we will begin by looking at Place Value of numbers up to 1,000,000. Following this we will be looking at all four calculations: addition, subtraction, multiplication and division.

### R.E

In this unit, we will be looking at holy books important to different faiths. We will focus on why the Bible is important to Christians and why they believe that it is holy. We will then look at the holy texts of Islam and see how they are similar and different.

### Science

In this unit, the children will learn about what causes climate change, the consequences of it and how it can be reversed. The children will then look at why the oceans are important and how humans are affecting them before looking at the effects of plastic pollution. They will report and present their findings in different ways.

### History

In this unit children will use a range of sources to learn about what life was like during WW2., by asking and answering questions. They will learn to use and evaluate primary and secondary sources of information and artefacts to form reasoned judgments. In addition to this they will re-cap chronology and investigate what life was like on the home front.

### P.E

This half term, children will be developing and improving their gymnastic skills. In addition to this they will be looking at the invasive game of football. They will prune their ball skills and improve their dribbling, accuracy and team work.

### Music

In this unit, children will be given the opportunity to learn to play a musical instrument to a good standard. As part of their lessons children will learn how to handle a ukulele, how to correctly play chords on a ukulele and to identify musical notes. They will learn basic instrumental skills, develop their musical skills and knowledge, including reading notation.

### DT

In this unit, the children will sample different types of burgers completing detailed analysis of different competitors on the market, focussing on their nutritional values and what makes one burger healthier than another. They will select tools to work safely and hygienically to create their design based on the brief they have generated before evaluating their products.

### Computing

In this unit, children will be introduced to the process of designing and creating interactive quizzes using Purple Mash's 2Quiz tool. Through exploring question types, adding creative features, and debugging, children will develop their technical skills and creativity while producing engaging quizzes for others to enjoy.
