

English

In English, we will then be linking our writing to our geography topic looking at persuasive speech writing about environmental issues including deforestation and plastic pollution.

Maths

In Maths this half term, we will be focussing on percentages, decimals and fractions. We will also be finishing our unit on area and perimeter whilst continuing to improve our multiplication and division knowledge.

Religious Education

In R.E. this half term we will be learning about early Christianity and the apostle St Paul. The children will gain a greater understanding of the lives and resilience of the early Christians and realise the significance of the life of St Paul and the concept of mission. They will learn about how Christianity spread throughout Britain.

Science

Our science topic this half term is Living Things and their Habitats.

In this unit, the children will describe the different ways that plants reproduce. They will investigate the life cycles of different types of animals and look at the similarities and differences between them.

Geography

Our Geography topic this half term is The Amazon Basin. In this unit, the children will research the Amazon basin, securing their understanding of where it is in the world and on the map. They will understand the different layers of the rainforest and how the rainforest is under threat.

P.E.

Our P.E. days will be Wednesday and Thursday. We will be looking at striking and fielding games and developing our skills in rounders. Our second unit will be dance.

French

Our French in this half term focuses on family and friends. The children will expand their vocabulary and consolidate their understanding of descriptive language, including subjective descriptions. They will learn how French adjectives must 'agree' with the noun they describe, in relation to both number and gender.

D.T.

In this unit, the children will build upon prior textile skills and learn how to do different types of stitches. The children will develop cutting and finishing techniques to create a cushion linked to their geography topic and choose the most appropriate stitch to securely join materials together.

Computing

In computing this half term, we will be looking at creating concept maps using 2connect on Purple Mash. We will use these to help plan our persuasive speeches in English.
