

# Living In The Stone Age!

1

Living in the Stone Age is very hard to do,  
There are lots of things that would like to kill you!  
Living in the Stone Age you need to hunt for sure,  
Take your spear and you might hear a woolly mammoth roar!

*Chorus*

We are living in the Stone Age,  
We are living in the Stone Age,  
We are living in the Stone Age,  
Way, way back in time, it's crazy!  
We are living in the Stone Age,  
We are living in the Stone Age,  
We are living in the Stone Age,  
Life is hard we're living in the Stone Age!

Living in the Stone Age is very hard you see,  
Find a cave to shelter it's safe and it's free!  
Living in the Stone Age you cannot write at all,  
Make some paint and you can leave a picture on the wall!

*Chorus*

Living in the Stone Age is very hard we're told,  
Wrap a skin around you and you won't feel cold!  
Living in the Stone Age you need to keep your head,  
Make a fire to cook your food so you will all be fed!

*Chorus*

We are living in the Stone Age,  
We are living in the Stone Age,  
We are living in the Stone Age,  
Way, way back in time, it's crazy!

Life is hard we're living in the...
