- Perseverance
- Life skills

Additional Information

- A letter containing all information has been sent via ParentPay.
- A kit list will be shared nearer the time.
- When we arrive on the Tuesday, we will have a packed lunch. This can be provided by school or you can pack your own.
- All adults attending will be school staff who are familiar to the children.
- Medication will be taken and carefully managed by staff.
- Children will be in shared bedrooms, with staff supporting bedtime routines.
- Clear expectations and reassurances will be given to the children to make them feel safe and comfortable.
- Parents will be asked to complete the necessary Form C's before the trip.

We understand that some parents may feel a little anxious, especially if this is your child's first time staying away from home. Please be reassured that we have been running this residential trip for many years, and it is always a wonderful experience. The children quickly settle in, grow in confidence and independence, and thoroughly enjoy every aspect of the trip.

To help prepare your child, our biggest recommendation is to arrange a sleepover with a trusted family member or close friend before we go. This gives children the opportunity to practise being away from home in a familiar environment and can make the transition to the residential much easier.
