

# YEAR 6-SUMMER 2

Here are some highlights of what we will be covering in Summer 2:

## ENGLISH

In English, we will be continuing to focus on Wonder by RJ Palacio before moving on to our final unit of 'The Lion and Albert' - a poetry unit which we're going to love!

## MATHS

We will be looking at using Maths across real-life projects and scenarios. These will be specifically focusing on holidays & our 'futures' with a huge focus on money and how to manage it effectively.

## HISTORY

Our focus will be Preston Football Heroes: Tom Finney, Arthur Wharton, The Invincibles and Preston North End -How significant has PNE been for the people of Preston and surrounding areas?

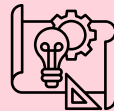

## SCIENCE

We will continue and complete our 'Light' unit where we will explore Light focusing on how light travels whilst exploring shadows and refraction. Lots of practical activities to look forward to!

## COMPUTING

This unit is the final KS2 programming unit and focuses on Microbits: Sensing movement. It offers pupils the opportunity to use all of these constructs in a different, but still familiar environment, while also utilising a physical device.

## DT

Structures: Playgrounds where we will design, create and make a model playground featuring a variety of different structures, considering how the structures will be used, considering effective and ineffective designs.

## PE

Our two lessons per week in PE will focus on Athletics and Rounders.

## PSHE

We will be continuing with 'My Happy Mind' and across our PSHE sessions we will focus on High School transition!

Anything you need or any questions you have - please message me via Class Dojo.
