

Our creative homework this term is based on out We'll Meet Again World War II topic,

We are taking the theme of Make Do And Mend to see how truly innovative you can be.

This half term you can either:

- Find something old and unwanted and create something new from it. For example turn empty pop bottles into a skittles game.

or

- Design a WWII game using recycled materials or make a toy using old clothes.

We look forward to you showing our Blitz spirit, keeping calm and carrying on!

Homework needs to be brought in to school by Friday 11th December
