Year 5 Arithmetic Homework

Given out: Friday 2nd October 2026
To be tested: Friday 9th October 2026

This week's Arithmetic Homework is all about
Rounding numbers

We will look at this topic in our Basic Skills sessions, but you should also practise over the week to make sure that you are confident. Complete the questions on the sheet and return it to school on Friday.

Questions: Use number lines to help you. Hint – Which multiple comes either side.
The website below gives some useful tips to help you.

Rounding whole numbers - BBC Bitesize

2. Round the following numbers to the nearest 1000, 10 000, 100 000 and 1 000 000.

Number	Rounded to the nearest 1000	Rounded to the nearest 10 000	Rounded to the nearest 100 000	Rounded to the nearest 1 000 000
3 476 389				
7 307 381				
5 937 037				
4 502 378				

3. Circle the numbers that would make 570 000 when rounded to the nearest 10 000.

562 893	568 291	566 873	565 032
562 278	567 519	565 499	561 499
