Dear Parents and Carers,

We are very excited to begin our phonics journey together this term! To support your child in learning their first sounds, we have provided **QR codes for the first 10 sounds.**

How to use the QR codes:

- Simply open the camera on your phone or tablet and point it at the QR code.
- A link will appear – click on it to watch the short video with your child.
- Please try to watch one video a day to build confidence and understanding.

Practising at home:

- After watching, encourage your child to join in with some “Fred Talk” (sounding out words using the sounds they know).
- Use magnetic letters or Speed Sound cards to practise recognising sounds and blending them together.
- Once your child is secure in blending, we will send home their Sound Blending Books to continue their progress.

Story sharing:

Today, your child is also bringing home a precious storybook. These books are to be enjoyed and treasured together at home:

- Please read and re-read the book each evening.
- Children will love copying your tone, expression and excitement – and they may begin to join in with parts of the story.
- They are not expected to read these books by themselves – this is about developing a love of reading.
- Please take great care of these books and return them to school **every Monday.**

Thank you for your continued support in helping your child develop their early reading skills. Together, we can make phonics fun and rewarding!

Kind Regards

Miss. Doherty
