Curriculum

- The Early Years Foundation Stage (EYFS) is the stage of education for children from birth to the end of the Reception Year (age 4-5).Key Stage 1 is the curriculum for children in Year 1 and Year 2 (age 5-7).Both of these stages are based at the Infant site

- Key Stage 2 is the curriculum for children in Years 3,4,5 & 6 (age 7-11) and this is based at the junior site

Sudley Primary School

EYFS Curriculum

Learning in EYFS is based on practical activities with lots of opportunities for hands-on exploration through play.

Sudley Primary School

EYFS Curriculum

- Play is central to the EYFS framework.
- There are 7 areas of learning which are all interrelated. Children develop holistically, meaning learning in one area often influences or supports learning in others.
- Staff watch and listen as children interact with the environment, other children and adults. This helps staff to tailor activities to suit individual interests, strengths and needs.

Sudley Primary School

EYFS Curriculum

- Staff plan activities based on children's interests, the EYFS curriculum goals and most importantly what the children lead us to.
- Children are separated into two groups of 15 and each group has equal access to both the indoor and outdoor provision across the school day. Indoor and outdoor provision mirror each other and each provide equal opportunity to explore all 7 areas for learning.

- In September, families are invited into school to meet the class teacher and see the classroom. This is a chance for you to tell us about your child and helps us to find out as much about them as possible before they start. This enables us to ensure that their transition into school is very individual and personal to them.
