Parent Survey

Thank you to all families who took part in our recent parent survey. We are delighted to share some of the key findings:

- **A happy and safe school community**
An overwhelming majority of parents report that their children are both **happy (95%) and feel safe (99%)** at school.
- **Positive behaviour and strong relationships**
96% of parents feel that pupils are well behaved, reflecting our caring and respectful school environment.
- **Strong support for learning**
93% of parents agree that the school supports their children to learn well and make good progress.
- **Effective communication**
95% of families feel well informed about school life and important updates.
- **High levels of trust and confidence**
Most parents believe the school makes decisions with children's best interests at heart, and **that any concerns are handled appropriately.**
- **Very high recommendation rate**
We are especially proud that **the vast majority of parents would recommend our school to others.**
- **Bullying is rare and addressed**
Very few families reported experiences of bullying, and most of those felt issues were resolved effectively.

We are proud of these positive results, which reflect our shared commitment to creating a supportive, safe, and successful environment for all children. We will continue to build on this feedback- particularly around communication and responding to concerns- to make our school even stronger.
