Rights and Responsibilities

This week, we have been learning about rights and responsibilities and how these help us to create a happy, safe and respectful school community. We discussed the idea that everyone at Greenfield Academy has both rights and responsibilities.

A **right** is something that every person should have or be able to enjoy, such as the right to feel safe, to learn and to be treated fairly.

A **responsibility** is something that every person should do to help others and contribute positively to our community, such as showing respect, being kind, following school rules and taking care of our environment.
