Safe Choices

This week, the children learned about making safe choices in the classroom, around school and on the playground. We discussed how following rules, showing respect and speaking to a trusted adult when worried helps to keep everyone safe, happy and ready to learn. By practising safe choices every day, children develop confidence, independence and the skills they need to make positive decisions both in school and beyond.

We encourage families to continue these conversations at home and remind children who they can turn to for help and support.
