

Adele McNutt

As a parent with two children currently attending St. Joseph's, I am deeply committed to ensuring that the school remains a nurturing and high-achieving environment for all of our children. I am putting myself forward for the position of Parent Governor because I believe in strong relationships between the school and its community.

During my career, I have worked with children for around 19 years with teaching experience across all 3 key stages during this period. Throughout my career, my ethos has always been to build strong connections and relationships, as I feel that when a child feels safe, secure and happy, they will thrive.

To me, the role of a Parent Governor is to be approachable, supportive, reliable, decisive and someone who will always represent the school positively, with the school's best interests at heart. These are all qualities that I feel I possess and have been able to hone throughout my career, both as a teacher and a mum.

I am committed to attending meetings, engaging in training, and working collaboratively with fellow governors and school leadership to maintain high standards and fostering a positive school environment.

Thank you for considering my application.
