

We are excited to offer a variety of homework activities this term, all connected to our curriculum topics. You are welcome to complete as many as you would like, but we kindly ask that you try at least three. If homework is not for you, that is perfectly fine too. When you are ready to share your work, please email it to our class address at [year3@bgl.org.uk](mailto:year3@bgl.org.uk). Alternatively, feel free to speak with the class teacher; if appropriate, we can arrange a special "Show and Tell" opportunity. Our goal is to make homework fun, manageable and purposeful. If you have any questions or need help, your teacher is always ready to support you. We cannot wait to see your creativity and efforts! Best of luck and most importantly, have fun!

**Geography:**

Can you do your own research into earthquakes? How do they happen? Where do they happen? You can present this information in any way you like e.g. a poster, PowerPoint, video. Remember to use a children's safe search site.

**Science: Forces**

Each time we move something we use a push or pull force to make it work.

Can you identify different objects from around your house that use a pull or push force to make them work.

You can present your findings in any way you like. The choice is yours!

**Science: Write a biography**

As part of our Science learning we will be learning about the famous scientist William Gilbert. Can you write a biography including key facts about his life? You can present this in any way you like.

**Other Activities:**

Create your own quiz about one of the areas you've researched and bring it into school so that we can all take part.

You can present this in any way you like. We can't wait to take part!

**Song time!**

Time to have some musical fun. Choose one of the topics you have found out about. Can you put what you've learnt into a song? You can use this app to do it:  
[www.suno.com](http://www.suno.com)

**Science:**

Magnets: What different magnetic objects can you find in your house? Can you draw and label the different magnetic objects that you find?

**History: Write in Role!**

Imagine you have been transported back to time of the Roman Empire. Can you write a diary entry describing what your day has been like? Think about how your life would be different from what it's like now?

# Spring Term

**History: The Roman Empire**

Choose an aspect of Roman life:  
 Roman Houses Roman Baths  
 Roman Clothing or Roman Religion Create a fact file including: information and pictures.

**Art: Robert Morris**

In Art we have been learning about the famous artist Robert Morris. Can you write your own true or false quiz with facts about his life?

**History: Romans**

Can you design and make your own Roman shield?

**Reading Suggestions:**

Romans on the Rampage by Jeremy Strong  
 A Gladiator Stole my Lunchbox by Thiago de Moraes
