

In History we are learning about VIKINGS

Can you make a Viking longship? This can be as big or as small as you want. You can use Lego or paper/cardboard – be as imaginative as possible.

In PSHE we will be looking at HEALTHY LIFESTYLES

We'd like you to create a poster about ways in which we can keep healthy. This can include ways to exercise, food to eat and other things we should be doing to maintain a healthy lifestyle, such as how much we sleep and brushing our teeth.

Year 6 – Spring 1

You can complete one task a week and bring them in weekly or you can complete them all at once and bring them in on the last THURSDAY of term.

You will also receive GPS and Maths homework, which will be done in your workbooks. This will be given out on a Friday and MUST be brought back the following Thursday. If not, you will spend Friday break/lunch time completing it, inline with our school home learning policy. Thank you.

READ! READ! READ! Write a book review about the Home Reading book you have read or about any text from Reading Plus.

Learn your favourite poem off by heart and come to school and tell it to us all!

In Science we are learning about CLASSIFICATION

One of the most well-known scientists linked to understanding classification is Carl Linnaeus. We would like you to complete a fact file/all about Carl Linnaeus project using Google Slides. This can be done on our Google Classroom. If you don't have access to this at home you can always use time in the school day to complete it.

In English we will be writing NON-CHRONOLOGICAL REPORTS

We'd like you to write a report on something you are interested in.

Use Times Tables Rock Stars to practise your multiplication skills. Use Spelling Shed to practise weekly spellings in a fun way! Use Reading Plus daily!
